

Vaccination Requirements For Child - Parents Please Read!

The following requirements must be filled out on form LIC701 by your child's doctor before he/she can be admitted to school.

- **You must submit State Form LIC 701. It cannot be substituted by a different form or by a different letter from a doctor's office.**
- Please review the information below before you take your child in for his/her physical.
- After your child's physical (and before you leave the doctor's office), please double check that all necessary dates for the required vaccines have been filled in under "Immunization History".
- A few minutes now will save both mistakes and frustration later.

New State regulations as of 2016 do not allow personal or religious exemptions from vaccination - only medical exemptions provided in writing by a MD are allowed. Feel free to contact the Director with any questions.

Requirements for Child Care/Preschool Entry:

Polio	3 doses
DTP/DtaP/DT	4 doses
MMR	1 dose (given on or after the first birthday)
Hib	1 dose (given on or after the first birthday)
Hepatitis B*	3 doses
Varicella* (Chicken Pox)	Vaccination or proof from doctor that child has had the disease

TB Test (PPD)

Your Physician must determine if a TB test is required. Based on the Physician's decision, one of the screening boxes **MUST** be checked.

*The Hepatitis B and Chicken Pox Vaccinations are new requirements. The following schedule of doses must be followed for Hepatitis B.

1st dose

Started at any age

2nd dose

1 month later

3rd dose

6 months later

The LIC701 form is also available for download at JKCP.org

- On our website, go to the 'Current Parents' tab
- Username: `jkcp_parent`
- Password: `happysun` (you may need to enter the password twice)
